

# ***Superleague Tournament 2020***

## ***Rules and Format***

**(Starts 7th Feb 2020 and runs through to Saturday 7th March 2020)**

Team Captains are responsible for ensuring their team arrange subs. Subs must be taken from the Subs List or from another team. Please use subs from the Subs List before asking people already playing on another Superleague team to substitute. This will give everyone who wants to participate in Superleague an opportunity to play. If a sub at the same rank is not available on the sub list please contact teams on the **alternate** time slot to you.

In the event of an injury during a match where a player retires agree his/her score as it stands and the opposing team as winners with 10 points. If in doubt consult any Superleague Committee Member.

Please create a WhatsApp group for your team and ensure that all your players are present 10 mins before their match start time with a sub in place where necessary.

There will be a spot prize given in the bar after the 7.30 and 8.30 matches are completed. Four members of the team pulled out must be present in the bar in order for the prize to be won.

Nibbles will be served in the bar for all players after the 8.30 matches are played.
